

MORE VALUE. MORE VOICE. A STRONGER FUTURE.

ISACA Madrid can give you much more.

More value

- A masterclass every month included in your fee
- Study groups to get certified
- Careers and jobs with companies in the field

More voice

- Open calls to be a speaker or a mentor
- A written reply to proposals with support
- Asking members before deciding

More future

- Students and young professionals
- SheLeadsTech Madrid up and running
- A chapter open to everyone, in English too

This is a summary. The website has all our **16 commitments**, and for each one you'll see who does it, by when and how it is measured. An **Ethics Committee** with the chapter's founders keeps watch.
